RESPONSIBLE TOURISM POLICY

Mindful of the importance of maintaining sustainable tourism development, and assuming the principles and objectives specifically adopted in the World Chamber on Sustainable Development 2015, COP 21 and the Global Charter for Sustainable Tourism +20, GOLF CLUB TERRAMAR is committed to a sustainable management of its activities, by adopting commitments aimed at preventing, eliminating or reducing the impact of our facilities and activities, both internally and externally, as well as optimising the sustainability of the establishment by improving its behavior with the environment.

In the same vein, our entity has adopted the following Responsible Tourism Policy, through which it undertakes to comply with the requirements set out in accession to BISOHERE, which includes, among other things, the legal requirements governing the effects generated by tourism activity.

We are also committed to motivating and training our staff with training and awareness-raising actions on the principles of Responsible Tourism, to promoting good environmental practices in the environment, to engaging in external activities and to reporting both internally and externally on the company's environmental advances and actions.

Similarly, our establishment expresses the explicit commitment to combating sexual exploitation or any other form of commercial exploitation and harassment, in particular of children, adolescents, women and minorities, and we commit ourselves to adopting universal accessibility measures.

One of our main objectives is to improve sustainable management, taking on the commitments for improvement continues in all areas of sustainability: social, economic and environmental, as well as customer satisfaction. To achieve this, projects for future extensions of the facilities or activities will be subject to sustainability and resource efficiency criteria.

This Responsible Tourism policy will be updated whenever circumstances require it, adopting and publishing new sustainability objectives in both cases.
